## Select Service Hotels

Select Service Hotels, with its fewer amenities and smaller rooms, offer guests an opportunity to indulge in the minimalist lifestyle that many want today. Because guests are feeling more comfortable with a lot less frills, this segment of the lodging industry is booming.

The smart players in this segment know that it's the consumer that is driving this trend. More and more business and leisure travelers are finding that their travel needs are adequately satisfied with streamlined services, but comfortable accommodations. Due to the fewer fluff and less indulgence, Select Service Hotel operators spend less on labor costs.

Gecko Hospitality can provide the management talent needed for this specialized niche. We partner closely with Select Service Hotel operators to ensure they hire only qualified candidates who understand the importance of excellent customer service to cater to this special clientele.
