

## Fast Casual Restaurants

Just a tiny bit fancier than your average fast food chain, the fast casual restaurant industry has been opening more new restaurants than any other dining category. These are the places where you can still get burgers or tacos, but with a sit-down, more relaxing atmosphere. Because of this, the customer service requirements are expected to be above normal.

Gecko Hospitality is well-versed in the fast casual restaurant industry. We keep up with the latest developments of the industry and we know how to find and attract the kind of restaurant manager professionals fast casual establishments need. We know your world and understand what you need to run a successful fast casual restaurant.

Gecko Hospitality understands that covering a vacancy within a fast casual restaurant is not just about posting an ad and filling a position, but rather matching the best talent with the right opportunity. Filling open positions in a fast casual restaurant can be a challenging and time-consuming task.

The good news is you don't have to go it alone. Gecko Hospitality not only finds qualified management candidates for you, but uses a vetting process to ensure you are getting the right candidates to fill the open positions for your fast casual enterprise
